

Item description : CO_05.00

Connector for new bag pipe 10x14 ecocrystal L.500

The Bag in Box system allows to connect the bag directly to the tank keeping it always clean. It protects the adhesive from any pollution/impurity and it allows an easy replacement of the adhesive bag.

Using this system, the adhesive does not get in contact with air, preventing and avoiding the formation of any film or dried adhesive lumps inside the tank.
